

HEART SAFE COMMITTEE
APRIL 30, 2024
MEETING MINUTES

Members Present: Cheri Olson, Angie Boettcher, Eileen Krenz, Dave Krenz, Mary Busch

1. Heartsafe Business Program

Cheri Olson reviewed the Heartsafe business program. The program would recognize businesses for their efforts in being prepared for a cardiac emergency. I have attached the Business Program that Cheri developed.

2. Event sign-up calendar

Angie has developed a Sign-Up Genius calendar that will be emailed to committee members to volunteer at events. The Heartsafe Committee will have a table and canopy to inform the event goers about the Heartsafe Community efforts and CPR demonstrations. We would like one volunteer from the committee to provide information at the booth and Cheri and Mary will work on finding volunteers to do the CPR demonstrations. Please review the event dates and sign up for one that will work for you. We estimate that the volunteer time would be 2 hours. The sign-up that I will send out first will be for the La Crescent Live events. Mary Busch will talk with Ben Horn about some dates for the Farmers Market and then I will post one for Neighbors Night Out on August 6th, once I know the time.

3. Training Update

Mary Busch provided training to 35 members of the Crucifixion Church parish.

4. Promoting the Loaner AED/Call Push Shock card

The loaner AED is now available to check out for free from the La Crescent Police Department. It is advertised on the City's website and the reservation form for the City Parks. Angie has created a card to hand out at events that provide information about the loaner AED and hands only CPR. Angie will also have a banner created for parades and a sign for the event booth. There is still money left from the foundation to pay for these items.

7. Next Meeting

Angie will send out a date/time survey for the next meeting.

The meeting adjourned at 4:05 pm
